

NEWS UPDATE JANUARY 2018

Scraping In The New Year

Divall's Earthmoving & Bulk Haulage have taken delivery of two brand new CAT 627K Open Bowl Scrapers!

Each scraper can carry approximately 26.19 tonnes and measures in at 14 metres in length and 40.9 tonnes in weight. The scrapers have a hinged hopper with a sharp edge which can be raised or lowered to cut into the ground surface and then transport the cut material to the new site where it is dumped from the hopper.

These machines offer an alternative for an excavator and dump truck when relocating large amounts of material is required. Both our operators and management are excited to offer these new pieces of machinery to our customers.

For further information on the CAT Scrapers, machine hire rates or a free quotation, please contact our office on 02 4829 8200
