

NEWS UPDATE APRIL 2018

'TOPPING' THE POOL FOR YOUNG DRIVER OF THE YEAR!

Our very own Riley Topping was one of three finalists in the Young Driver Of The Year awards with the Livestock, Bulk and Rural Carriers Association. Riley has worked with us for just over 4 years and quickly demonstrated that he is a very capable young driver in an industry requiring an in-depth knowledge of safety procedure.

Riley was nominated and attended the conference in Coffs Harbour last month where he and the other members of the Divall's team met transport minister and had the opportunity to discuss heavy vehicle access, land transport reforms load restraints and other issues currently in focus in the haulage industry.

Whilst Riley was not awarded Young Driver Of The Year, it is certainly a credit to both himself and Divall's that he was selected as a finalist and this certainly demonstrates some of the skill sets that we look for in all our drivers.

Moving forward we hope to be able to nominate more of our drivers and commend them on the work they do!
