WHAT A FIND !

During the later stages of 2016, a group of Divall's employees were undertaking a routine clearing / clean-up of a local property as part of an estate. During the clean-up, a plastic bag was revealed, & found to contain \$12K cash. The local Police were contacted & informed of the find. As the clean-up continued, a second discovery was revealed; with a further \$33K being unearthed from the property. In all, a total of \$45K was removed from the area, & handed in to NSW Police.

Divall's Bulk Haulage wish to publicly acknowledge the honesty & integrity of their company personnel who were involved in the property clean-up.

These people are a genuine reflection of what are company-wide morals & expectations, which are consistently displayed by Divall's employees. The ethical & honest behaviour displayed by those personnel involved in the property clean-up, & consequent '*find*' - are something of which the company is truly proud.
