

# NEWS UPDATE OCTOBER 2014

## MILESTONE 25 YEARS OF DEDICATED SERVICE

Management & Staff of Divall's Earthmoving & Bulk Haulage, would formally like to recognise & acknowledge the contribution & commitment of long serving employees, Tony Kent, & Peter Waugh, who are celebrating 25 years of service with the Organisation. Both 'TK' & 'Mingo' commenced work with the Divall's business on 1<sup>st</sup> July, 1990, when the company was in its infancy. They have been instrumental in helping to build the business to where it stands today. In those early days it was TK & Mingo who were 'right hand men' to Andy & Mick, as they capably turned their hand to any activity that was required.

Twenty-five years on, & the two men still remain prominent in the day to day running of Divall's, & are always available to undertake any tasks, big or small, in any area of the business. Their wealth of experience & industry knowledge is 'second to none'.

They have been loyal & trustworthy employees, & we congratulate them on their 25 years of dedicated & devoted service to Divall's. Well done TK & Mingo!
